PRESIDENT: The bill is passed. Attention please the Final Reading of LB822.

CLERK: LB822 (read)

PRESIDENT: All provisions of law relative to procedure having been complied with, the question is, 'Shall the bill pass?

(End Belt #4)

(Start Belt #5)

All those in favor vote aye, all those opposed vote no.
Have you all voted?

CLERK: Senator Dickinson voting, aye.

PRESIDENT: Senator Dickinson voting aye. Once again have you all voted. Clerk will record.

CLERK: Voting aye, 33, voting no 5, not voting 11.
33, 5, and 11.

PRESIDENT: The bill is passed. Senator Carpenter for what purpose do you rise?

SENATOR CARPENTER: A point of order. I may on the bill that just passed, I may be out of order, if I am the Chair will say so. On line 13 and 14 of the bill it talks about Power and Irrigation Districts. Does this bill have anything to do with the rate structures that they can charge in the overall area. Does anybody know? It says the Public Power and Irrigation

PRESIDENT: Senator Hasebroock, a point of order here etc.
Do you care to respond.

SENATOR HASEBROOCK: It's my understanding, Senator Carpenter this is primarily on the Irrigation Districts that were formed many years ago to the Johnson Lake Area and that whole district and it is time for them to renew some of the contracts, and they need upgrading of the rates, and it is my understanding that has nothing to do with the power rates, just the irrigation.

SENATOR CARPENTER: So the intent of your bill, and yourself is it doesn't apply or doesn't do anything sofar as the rates of Public Power are concerned.

SENATOR HASEBROOCK: That's right.

SENATOR CARPENTER: Thank you, Sir.

PRESIDENT: Senator Carpenter, I would also call attention to line 4, where it says no person irrigation district or irrigation company shall be liable for the payment or any rent or charge for water, or storage or service. Unless the contract therefore has been entered into, but does that clarify the point for you, Sir. All right, Senator Fellman did you want to heard on.
